SO ORDERED:

HON. NELSON S. ROMAN
UNITED STATES DISTRICT JUDGE

May 13, 2024

Hon. Judge Roman,

I was recently transferred to MDC Brooklyn and they did not allow me to take my laptop with me from the Westchester County Jail. I therefore respectfully ask the Honorable Court to issue an order directing MDC to accept a laptop for me so I can prepare my post trial motions and sentencing memorandum, and eventually my appeal. Since MDC has no policy against monitored internet access for inmates or enabled USB ports for printing purposes, and many inmates in the facility do have access to their laptops with these features, I respectfully ask the Honorable Court to include in the ruling a provision to allow me limited and monitored internet access and printing capabilities. From other inmates here I learned that that practice in MDC is that the internet access is monitored by the probation office, MDC personnel, or by the BOP, and not by the AUSA, so I would respectfully ask that the order indicate so. The internet access could be limited to legal research, such as Westlaw and CaseText, access to the PACER docket, and communication with standby counsel. Since the laptop I used in Westchester was completely disabled of all these features, I will arrange for the purchase of a new laptop from an authorized vendor, I do not seek CJA funds for this purchase.

All other details outlined in previous orders of the Honorable Court regarding the laptop would also be very helpful here, that includes a provision regarding Word processing software and other software required for document editing, a permission to have a USB flash drive, as well a recommendation to allow me the most time possible each day on the laptop.

May God bless Your Honor with all the best,
Yakev Weingarten, pro se

I also join in the same request, and respectfully ask that the Court issue an order to the same effect for me as well.
